FOR TREATY. EMBASSY DESPATCH
1161 OF DEC. 17, TRANSMITTING
15 COPIES OF REVISED TEXT.

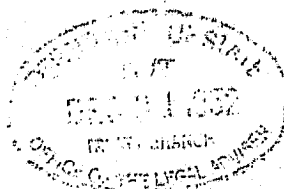

ma DEPT. much appreciates the promptness and fullness of
EMB'S response to the request for clean copies of the draft
text as revised to date. It was preferable for the job to
be done by Embassy in order that DEPT. might be sure of
Embassy's exact understanding of how the draft now stands,
in all details.

For purposes of convenience, the text as transmitted
will be identified as draft dated "December 1952", and all
references to article and paragraph numbers, in future
communications, will be to this draft.

Copies will now be distributed to interested persons
and agencies within the Government for their inspection;
and the DEPT. will in due course advise the Embassy of any
corrections or alterations which may appear to be necessary
or desirable, though it is hoped that none will emerge of
any major or substantive import.

Instructions regarding the problem concerning the
preamble, mentioned in the referenced despatch, will also
be forwarded later.
